12. [] LIAISON I accompanied [] OGC to a meeting with Denver Dickerson, Staff Director, and Angie Elmore, staff of the Joint Committee on Printing, to discuss CIA compliance with the Depository Library Program. It appears that a regulation issued by the Committee on 25 March 1977 will solve the Agency's problem with respect to providing documents for the program. It also was determined that CIA was not, contrary to previous information from the Committee, exempt from participation in the program.

14. [] LIAISON Frank Taylor, in the office of Representative Robert Krueger (D., Texas), called with some questions on the Agency publication, "The International Energy Situation: Outlook to 1985." After discussing the matter with [] I answered Taylor's questions.

15. [] LEGISLATION Called Mark Gitenstein, Senate Select Committee on Intelligence staff, to ask him when H.R. 6689, the State Department Authorization bill, which has a provision on receiving and giving gifts to foreign government officials would be considered. He said it was scheduled for Senate floor debate about 13 June.

16. [] LEGISLATION Talked to Tom Payne, on the House Government Operations Committee staff, regarding requests for comments the Committee had sent us on H.R. 4173 and H.R. 6195, bills which would reorganize the Intelligence Community. I told him we were preparing to send a letter deferring comment on these bills until after the PRM-11 process is complete. After checking with several of the senior staff people on the Committee, he phoned me back and said there would be no problem but they did want us to comment on the bills as soon as PRM-11 was finished.

17. [] LIAISON Representative Richardson Preyer (D., N. Car.) called concerning the inquiry to him from [] (see Mr. Cary's Memorandum for the Record, dated 19 May) and I told Mr. Preyer that this is a matter outside our jurisdiction but recommended strongly that he receive an evaluation from Paul Daly, FBI, before proceeding further.

20. [] LIAISON Called George Krumbhaar, Minority Counsel, Joint Economic Committee, who will be excluded from the briefing of the Committee on 23 June because he has not sent in the necessary papers for compartmented clearances. I referred to our briefing of the Committee last year when the Ranking Minority Member, Senator Charles H. Percy (R., Ill.), took issue with the Majority over the lack of staff preparation and said I did not want the Intelligence Community to be blamed if this occurred this year. Krumbhaar said he had filled out the necessary papers but had misplaced them. Later in the day, he called to indicate that he had found the papers and asked my advice on where they should be sent to expedite the clearance process. I told him I would check and let him know.
